HUNTING AREAS

BIGGEST TROPHIES: GUTH-NORTH EAST OF HUNGARY

In the north east of Hungary, a superb area, totally wild, without any roads, nor villages, but with a comfortable central accommodation amidst the hunting area. 60% of the habitat is made up of forests interspersed with small plains.

Many hides, beautifully landscaped, set up in strategic locations. The area is rather flat requiring no special fitness level.

Please note, the area is a former fruit production belt and attracts many deer and boars. You will most likely come across large boars that you can possibly hunt (the priority however remains the great fallow deer trophy).

ACCOMMODATION

Luxury in the heart of the territory with rooms overlooking the park where you can see the fallow deer and hear their roar!

Rooms and suites available, quality cuisine, fine wines and the famous Hungarian Tokay!

Come to enjoy it with your family!

AVAILABILITY

The hunt for large trophy deer is only in October during the rut period. Only 5 hunters per year.

GUNS AND AMMUNITION

Fallow Deer are very resistant. Even if shooting is done at a close range, we recommend the following calibers: 7x64, 300 RM or 7 minimum

Knowing that you may also have the opportunity to bag a wild boar or a deer feel free bring an extra box of ammunition ...

EQUIPMENT

When hunting in October the weather can be very changing..... alternatively sunshine and rain, in the morning it could be cool (5-10 C °).

See the list of equipment on our website under "Our brochure"!

TRANSPORTATION, FORMALITIES

Neither Visa nor any specific demand is needed to reach Hungary. A passport or identity card is sufficient.

Be aware that in continental Europe Hungary is not so far away ... The motorways to drive through Germany and Austria and the Hungarian roads are in perfect condition. If you drive, you will receive the GPS parameters of the meeting point.

You have many daily flights to Budapest.

We suggest you take a plane in the morning. In this case you can reach the hunting zone at the end of the day, making possible a first outing. The price of a return ticket, within Europe, would be between 150 and 250 €.

RATES FOR OBSERVERS, NO HUNTERS

Observers are welcome!

The price of the stay for non-hunters is 600 € which includes:

- Accommodation for 4 nights with full board and room for double use, without drinks,
- The presence of the interpreter.

Those who do not want to accompany the hunters, Hungary is known for its baths and its history.

AFTER THE STAY

After the official measurement and registration of your trophies (compulsory in Hungary), we will send them to you, to your home in about 3 weeks.

HUNTING PLEASURE COMMENTS

Wild fallow deer hunting (in fully open territory) is thrilling. You can hunt almost all day, with almost no downtime and enjoy many magical encounters.

Apart from the abundance of animals and quality of trophies, what almost all the hunters say at the end of this trip is:

"Time flew by ...! "
